Dear Flint Cultural Center Academy Families,

If you grew up anywhere in the Flint area, then it is very likely that during your time in school you came to the Flint Cultural Center for field trips or learning experiences and entertainment outside of the school day. For decades, the Flint Cultural Center has been the premier community resource for enrichment and extending learning opportunities through the arts and science.

The Flint Cultural Center Academy has been developed with the intention of connecting core learning with the learning experiences available on the Flint Cultural Center campus – everyday!

We think this school is truly unique, and most importantly, that it offers non-traditional opportunities for every student to learn and grow.

To maximize the awesome potential of your child's learning at the FCCA, it is important to have a mutual understanding and commitment between the home and school regarding some absolute priorities.

Safety

There is nothing more important than students arriving to school, having a great day of learning and coming home safe to you in the evening. We have been developing processes and procedures to meet this absolute priority, and we welcome your feedback and ideas about school safety.

Attendance

There is **simply** no way that the FCCA staff can impact your child's learning and development unless they are at school, on time and ready to learn. We are committed to creating a school and school day that excites and engages each and every student. We need your support and commitment to get your child to school, a minimum of 95 out of every 100 school days. We will be operating on a balanced school calendar that will provide opportunities students and staff to work hard and enjoy breaks throughout the school year.

Growth

If we all do a great job with Safety and Attendance, the table is set for learning. We are committed to this – no matter what level of learning your child starts out the school year, they will increase their learning and mastery of skills by at least one year by the end of the school year. That is the target for every student – advanced, on target, delayed, disabled – everyone!

The Flint Cultural Center Academy has tremendous potential! An awesome school building provided by the Mott Foundation, collaboration with the Flint Cultural Center Campus institutions, and partnerships with EL Education and Microsoft have set this school up to provide learning experiences like no other in the world!

We need one more partner however, in order to guarantee success – you. Please let us know how we are doing and how we can better serve you and your child. The teachers and I will do everything we can to initiate communication, but please feel free to reach out to us at any time. Open communication is vital to successful relationships and we want to build relationships with you and your family.

I thank you for trusting us to be your partner in forming and guiding your child. I promise you that your child's well-being and growth are our first priority.

Yours truly,

Eric Lieske

Flint Cultural Center Academy CEO

I. MISSION, VISION, PRIORITIES AND GOALS

Vision

The vision of the Flint Cultural Center Academy is to demonstrate a unique application of STEAM (Science, Technology, Engineering, Arts, and Mathematics) education that can challenge and surpass existing norms of student achievement and learning growth, while addressing the development of the whole child.

Mission

The Flint Cultural Center Academy will provide an instructional program that forms high achieving, thoughtful, self-directed learners through exposure to a school and campus culture that encourages active, individualized learning and integrates the arts, sciences and technology with a rigorous core instructional program.

Priorities

- Serve the children of Flint and Genesee County.
- Connect children to their learning through an emergence in the arts, science and technology while elevating learning in all core academic areas.
- Achieve outcomes that establish new and higher norms for learning and student engagement.

Goals

- Ninety percent of students will achieve at least one year of academic growth each year as measured by:
 - Math, Reading/English Language Arts, and Science M-STEP scores
 - NWEA MAP scores
- Ninety percent of students will achieve above the following statewide averages after three years:
 - Math M-STEP scores
 - Reading/English Language Arts M-STEP scores
 - Science M-STEP scores
 - Attendance rates and chronic absenteeism rates
- Expedition: All students at the FCCA will create a high-quality piece of work that demonstrates craftsmanship, authenticity, and complexity.
- Character Development: All FCCA students will make at least one full level of growth from the beginning to the end of the year on Habits of Character continuum. <https://eleducation.org/resources/cp-22-fostering-habits-of-character>
- Family Engagement: 95% of FCCA families will attend all-school events, and will work with their children to achieve at least 95% daily student attendance.

II. DESIGN FOR LEARNING

The FCCA will not simply be co-located on the Flint Cultural Center campus, rather there will be an on-going collaboration between the school staff and the campus educators aimed at immersing the students in the Flint Cultural Center, connecting classroom learning with campus learning activities.

Instructional Framework

In looking for an instructional model that fit with our vision, EL Education emerged as the perfect fit. EL Education brings over 25 years of experience in developing:

- **Core Practices** (a vision for improving schools) the basis for developing a staff that is committed to active learning through intentionally teaching practices and student outcomes.
- **Crew** – Regular times for adults and students to connect and grow – We all are part of the crew - no one, no child, no adult is along for the ride!
- **Expeditions** - Regularly, students in EL Schools identify a compelling question (Why did Flint experience a water crisis?). Teachers then guide students on an “Expedition” (EL Education Core Practice 9) as they read and do fieldwork, seeking answers and insights about their question, completing their expedition with a public presentation and/or community activity.

The goals for every EL School are that students achieve (and grow) at high levels, while developing strength of character, and the desire to make their community a better place.

Guiding Principles of EL Education

- **Our work is active.** We learn by doing and getting our hands dirty. Students are scientists, urban planners, historians, and activists, investigating real community problems and collaborating with peers to develop creative, actionable solutions. Adults are active guides of student learning and active members of their professional learning community.
- **Our work is inclusive and equitable.** Students and adults celebrate the diverse backgrounds of their peers. School leaders work to recruit and attract a population of families and faculty that represents different socio-economic, racial, and ethnic backgrounds.
- **Our work is excellent.** Students at all levels are pushed and supported to do more than they think they can. Excellence is expected in the quality of their work and thinking. School leaders, teachers, students, and families share rigorous expectations for quality work, achievement, and behavior.
- **Our work is reflective.** Students and adults reflect as they triumph and as they stumble. Students and adults offer direct and sensitive feedback to their peers. Trust, respect, responsibility, and joy in learning permeate the school culture.

III. CHARACTER AND CREW

In addition to the academic learning goals we have for every student, we also aspire to assist families in forming children with character, compassion and an understanding of community and the common good.

Habits of Character

When students graduate from the Flint Cultural Center Academy, they'll leave with our Six Habits of Character fully internalized:

- **Integrity:** Students are honest. They do the right thing when no one is looking, stand up for what they believe is right, and make choices with genuine respect for other people.
- **Compassion:** Students take care of the feelings of others and navigate difficult social situations with awareness.
- **Responsibility:** Students make good choices, and act with self-control and agency.
- **Cooperation:** Students work well with partners and groups, make positive contributions to a team, and reciprocate with positive actions towards others.
- **Curiosity & Creativity:** Students search, explore, and discover new information with excitement and for the sake of learning.
- **Perseverance:** Students show grit, drive, and passion toward their goals. Students can regulate themselves and make positive choices without needed help or guidance from others--or they know when they need help and seek it out pro-actively.

Crew

Crew provides each student a small, stable group of peers to connect with and support around both character and academic progress. We live by the motto, "We are crew, not passengers," and model and foster this sentiment throughout the day.

- **Morning Crew Meetings:** Staff members lead and take part in Morning Crew meetings each morning, following the Responsive Classroom and EL Education guidelines (greeting, share, activity, morning message, and goal setting around a character). Morning Crew meetings are centered around a social-emotional learning target, personal goal or academic growth target.
- **Closing Crew Meetings:** Staff members lead and take part in Closing Crew meetings daily, following the Responsive Classroom and EL Education guidelines (announcements, appreciations, and reflections).
- **Community Crew Meetings:** Community Crew is a time to bring together the whole school, in which students have a lead voice to honor academic, artistic, and character achievements, and deal with difficult issues. Each crew will host a Friday Community Crew on a rotating basis.

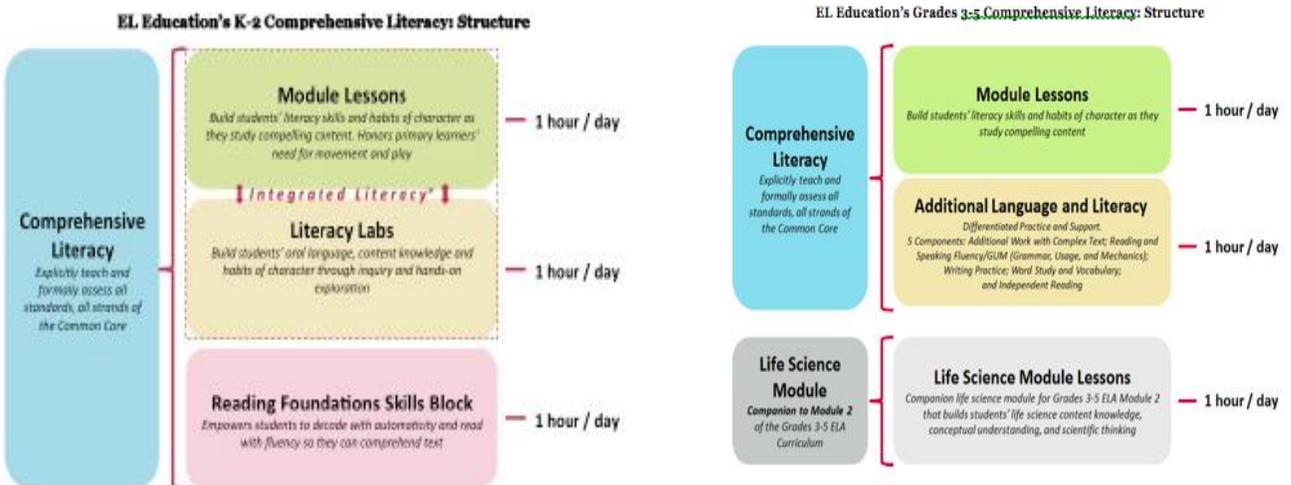

IV. ACADEMIC PROGRAM

English and Language Arts

The foundation of our curriculum is the award-winning English and Language Arts curriculum designed by EL Education. <https://www.edreports.org>

EL Education's K-5 curriculum offers either two or three hours of literacy instruction per day, depending on the grade level. The K-2 curriculum offers two hours per day of content-based literacy (module lessons and K-2 Labs) plus one hour of structured phonics (K-2 Reading Foundations Skills Block). All together, these three hours of curriculum are considered comprehensive, meaning that they explicitly teach and formally assess all strands and standards of the Common Core English language arts (ELA) standards for each grade level.

The Grades 3-5 curriculum offers two hours of content-based literacy instruction per day (module lessons and the Additional Language and Literacy [ALL] Block), with an additional optional companion Life Science Module, which accompanies Module 2 for a third hour of instruction lasting eight to nine weeks. With or without the Life Science module, the two hours of content-based literacy are considered comprehensive.

Scholastic classroom libraries have been purchased for each classroom K-5 aligned with the text selection from the Reading Now Network (RNN).

Math

Eureka Math received the highest rating from Ed Reports <https://www.edreports.org>.

Science

Amplify Science blends hands-on investigations, literacy-rich activities, and interactive digital tools to empower students to think, read, write, and argue like real scientists and engineers.

<https://www.amplify.com>

Social Studies

Social Studies will be integrated with ELA and aligned with the Michigan Social Studies Standards.

V. SCHOOL CULTURE / IDEALS

“The quality of a school lies in its culture. Particular aspects of the school – budget, curriculum, teaching roles, decision making, assessment, physical layout – are elements of this culture, but do not in themselves define it. The only way to understand a school culture is to understand what students experience in being part of it. Not just the motivated, mainstream students, but also the students who look or feel different. How safe do students feel, physically and emotionally? What kind of pride and intensity is encouraged for work? What values, what sense of courtesy and responsibility are modeled? A culture of quality connotes a culture of high standards for all students in all domains: standards for academic achievement, arts, physical fitness, critical thinking, and creativity, but also standards for kindness, integrity, industriousness, and responsibility.” -- Ron Berger, Chief Academic Officer, EL Education

A Community of Learning

The Flint Cultural Center Academy will use an approach to classroom and school-wide culture, rooted in the idea of “the self-managed classroom,” a belief that students have the intrinsic power to make choices that serve them as learners and members of a respectful and productive classroom culture.

Self-managed classrooms operate as respectful, active, collaborative, and growth-oriented communities. All individuals are valued and respected. All students and teachers are independent and self-regulated, and the classroom sits in the context of the broader community and world. This type management creates a Community of Learning where students are fully engaged because three main conditions are met:

- A sense of community (I belong here),
- A sense of, competence (I can succeed here) and
- A sense of choice (I am trusted to make wise choices here).

Ideals

At the FCCA, we will continuously strive to create an environment that honors the following elements:

- the physical appearance of the school building, outside and in
- the levels of physical safety and emotional safety that children and adults in the building feel
- the way routines of arrival, class transitions, lunch times, and dismissal are handled
- the ways authority is exercised
- the tone of courtesy, kindness, and acceptance in peer culture
- the ways in which student achievements are shared within the school community and beyond
- the aspects of the school that define it in the larger community

Establishing a Culture and achieving Ideals is difficult work. We will be intentional about using the following prompt whenever we think students need to re-focus on their behavior.

Is it safe? Is it kind? Is it appropriate?

VI. ASSESSMENT

The FCCA will assess student growth in both character and academic content and skills. We plan to instill character through academic learning in a seamless model but assess them separately. Both domains are given highest priority; both are shared with families; and both are vital in ensuring that students from all backgrounds persevere and succeed in college, careers and life.

Learning targets for academic content and skills are created from classroom, grade level, school, and Common Core State Standards.

Learning targets for character growth are based on the school's Habits of Scholarship
<https://eleducation.org/resources/el-dimensions-of-student-achievement-in-el-schools>

Learning targets are the basis for all assessment. Teachers set the goals for each course. These goals/learning targets begin and end each lesson and are tracked by students and teachers throughout lessons, assignments and projects. Students take responsibility for showing evidence of reaching academic and character targets on a daily basis, and in student-led conferences and passage presentations.

We will use a mastery-based (or proficiency-based) grading and reporting system. This means that students must show mastery of content and skills—evidence of meeting learning targets—to get credit for their learning. Separating Character from Academic Skills and Content in Assessment provides clarity for students and families about what is going well and what may require attention.

Within each content area, we will use a variety of assessment tools, some developed by our curriculum resources, some paper and pencil, some digital, some through observation, some for measuring a day's learning, some for measuring learning over time.

- **Formative Assessments:** Teachers give daily assessments to check for understanding, monitor progress and provide feedback.
- **Summative Assessments:** Assessments at the end of each unit, spiral, or case study will assess students' summative performance aligned to Common Core Standards.
- **NWEA / MAP**
Every student will take the NWEA MAP test three times per year in reading, math, and language usage (optional). This is a nationally normed, computer adaptive based test that has a focus on learning and using scores to adapt instruction to meet student needs. These assessment windows will be scheduled by the Principal and parents will be notified of dates.

VII. STUDENT SUPPORT

All staff members at Flint Cultural Center Academy are committed to serving the whole child, as well as serving each child to the best of their ability. This includes taking personal responsibility for the academic, social-emotional, physical, and mental health and safety of all students.

Child Study Teams (CSTs)

The Child Study Team (CST) is a problem solving and coordinating structure that assists students, families and teachers to seek positive solutions for maximizing student potential. The CST focuses in-depth on one student at a time and invites the parent and student to participate in finding solutions. This process informs individual actions for students, including referral to the formal CST process, and class-wide actions to address issues such as use of class resources, behavior management, classroom modifications, and health education. Staff members and students' families may call SST meetings if there is a concern.

Multi-Tiered Support Systems

The FCCA will implement consistent intervention cycles based on a range of students' academic and behavioral data. Tier 1 interventions will be delivered in the general education classroom by the Lead Teacher and/or Teaching Assistant. A student may be referred for Tier 2 or 3 interventions only after Tier 1 interventions have been implemented and thoroughly documented by the Lead Teacher, including frequent communication with the student's family and documentation of SST meetings.

- Students will be assessed within the first 30 days of instruction to determine their reading present levels, and all elements of the Third Grade Reading Law (MCL 380.1280f). Students with reading gaps will be supported by:
 - Creating an individualized reading intervention plan (IRIP)
 - Providing reading intervention
 - Creating an at-home reading plan

Individual Education Plans (IEP) and 504 Plans

If a student enters the FCCA with an IEP or 504, we will follow the IEP and provide the services as written. We will also identify students with learning needs through our RtI and SST. Parents will be contacted if the school believes a child needs of a formal evaluation for Special Education. This should never come as a surprise to parents, as frequent communication will be in place to address concerns as they arise.

Mandated Child Abuse Reporting

Teachers and all staff members of the Flint Cultural Center Academy are mandated reporters. It is required by law for any staff member to report signs (verbal or written) of physical or sexual abuse. The adult that heard the report or observed the signs is the person who must make the report.

<http://www.michigan.gov>

VIII. REPORTING STUDENT PROGRESS

Students will receive progress reports four times annually. Academic growth and achievement, as well as Habits of Character will also be tracked and communicated to families through a number of authentic and student-centered strategies.

Parent Conferences

Parent-teacher conferences are conducted face to face twice each school year. As soon as they are prepared, we intend for these conferences to be led by your child (with plenty of preparation prior to the conference).

In addition, parents are encouraged to inquire about their child's performance any time during the school year. We believe that by continually monitoring students' progress, the parent-teacher conferences will serve as a review with very few surprises.

During each conference, teachers review the student's progress and discuss his/her strengths and opportunities. Parents are encouraged to ask questions in order to learn as much as possible about their child's performance. We aim to make parent-teacher conferences a positive experience for everyone involved.

Student Information System; Synergy (ParentVUE and StudentVUE)

The Synergy ParentVUE and StudentVUE portals give parents and students unprecedented web and mobile access to grades, assignments, and communication with teachers.

Celebrations of Learning

Culminating experiences where students demonstrate their mastery of skills, their reaction to a learning expedition, or their work in the community by performing, demonstrating and integrating what they have learned. **Celebrations of Learning** are public displays of high-quality learning that take place as the culminating celebration of each expedition and involve the community in understanding and supporting the work of the school and its standards for academics, arts, and character.

Progress Reports

In addition to regular progress reports, progress reports are also available upon parent request.

IX. FAMILY ENGAGEMENT

The ideal, the way students learn and achieve to their absolute potential, occurs when families and the schoolwork together – encouraging students, recognizing their growth and working together to solve problems.

Communication

Effective communication between the school and home is vital to the successful academic, emotional, and social well-being of students. To keep parents informed of school events and student growth, the school communicates often with parents through newsletters, its website, telephone calls, and individual and group meetings.

Celebrations of Learning

At several times during the school year, we will invite you to be with your child as they demonstrate their learning. Your presence is very important and motivating to your child when they perform, demonstrate and publicly present what they have learned.

Personal Celebrations

If you wish to celebrate your child's birthday or other special event during the school day with his/her crew, please approve your plan with the teacher.

XI. ATTENDANCE

At the FCCA, we believe that student attendance is linked to increased academic outcomes and social-emotional development.

Student Absences

All students should be at school, on time, each day, unless they show symptoms of illness.

Lead Teachers will submit written attendance to the main office by 8:45 am daily.

- If a student will be absent, a family member must call the office by 9:00am to excuse the absence.
- If a student is absent for more than two days, a doctor's note must accompany the student to excuse the absence.
- The following list of guidelines will be used to determine whether the absence is excused:

Excused	Unexcused
-Personal illness -Death in the family -Impassable roads due to inclement weather -Religious observance -Quarantine -Required court appearances -Attendance at health clinics	-Oversleeping -Transportation issues (including missed bus) -Family vacation communicated less than two weeks in advance with teacher -Childcare -Cold weather -Any other reason which does not fall into the categories listed under "excused"

Truancy Protocol

Students missing more than 10 days over the course of a school year are considered truant, according to the State of Michigan.

- If a student has been absent, excessively tardy, or picked up from school early for more than three (3) days:
 - A staff member will call your family to acknowledge excessive absence.
 - A warning letter will be sent home to acknowledge excessive absence.
 - Your family must return this warning letter to the FCCA office, signed and dated, within 48 hours.

- If a student has been absent, excessively tardy, or picked up from school early for more than five (5) days:
 - The CEO/Principal or another administrator will call your family to acknowledge excessive absence.
 - A second warning letter will be sent home to acknowledge excessive absence.
 - Your family must return the letter in person at the meeting date and time outlined in the letter (or at the time that you reschedule within 24-hours of receiving the letter), with the CEO/Principal or designated staff member Head of School to address attendance concerns and create an action plan for your student's success. Your child's teacher may also be present.

- If a student has been absent, excessively tardy, or picked up from school early for ten (10) or more days:
- The CEO/Principal or designated staff member CEO/Principal will call your family to acknowledge excessive absence.
- A third letter will be sent home to acknowledge truancy and notify you that you are in violation of Compulsory Attendance Laws.
- You will receive notice from the Genesee County Prosecutor's Office acknowledging that you are in violation of Compulsory Attendance Laws and outlining the possible consequences for this violation. Your family must return the letter in person at the meeting date and time outlined in the letter (or at a time that you reschedule within 24-hours of receiving the letter), with the Executive Director and the President of the Board to address attendance concerns and outline and amend the action plan for your student's success.
- A Promotion in Doubt letter will also be sent home at this time to acknowledge that your student is in danger of being retained in the same grade next year.
 - Three tardies, where a student arrives after 9am will be counted as ONE absence. The State of Michigan does not consider excused or unexcused absences when determining truancy issues.
 - For all students who must miss more than 3 days per month due to illness, consecutive or nonconsecutive, a note of explanation must be provided from a physician.

Withdrawal by Non-Attendance

After an absence of ten (10) days without notification or explanation, we will deem your child to have withdrawn from the FCCA. The CEO or designee will send an official letter explaining that ten consecutive absences is considered a withdrawal of a student from the FCCA. The parent/guardian will be given the opportunity to respond. If there is no response within the designated period of time, we will notify your district of residence of your child's withdrawal so that his or her educational program can be continued without delay. The open slot on our roster will be filled with the next child on our waiting list.

XII. STUDENT HEALTH

Immunization Requirements

No student shall be permitted to remain in school more than thirty (30) days unless the student presents written evidence of immunization by a method approved by the Department of Health or is in the process of being immunized. Parents and guardians declining vaccines must obtain a certified non-medical waiver from a local health department. A medical waiver can be obtained from the school office. The minimum complete immunizations are:

	All Kindergarteners and 4-6 year-old transfer students	All 7 th Graders and 7-18 year-old transfer students

***If the student has not received these vaccines, documented immunity is required.**

Please contact your health care provider for other recommended vaccinations

Medication Administration

Only necessary medications that must be given during regular school hours will be administered.

All medications, whether prescribed or over the counter, require written permission from the custodial parent. They must complete the Authorization to Administer Medication form (one form per medication). The form must be renewed each school year or upon any change in medication or dosage.

Though we encourage a physician's written permission in all cases, a physician signature is required under the following conditions:

- Any possession or use of an inhaler or epinephrine injector
- Any self-possession or self-administration of any medication

Parents must include any prescribed treatment or care plan. An emergency care plan from the physician is required for asthma and epinephrine medications.

Prescribed medication must be delivered to the school in the original container prepared and

labeled by a pharmacy. The label must include the dosage and frequency of administration. Over-the-counter medication must be in the original package and have the student's name affixed to the package.

The medication supplied to the school must be in the exact dosage prescribed, so the individual administering medications is not responsible for dividing or splitting pills. All medication must be picked up by the parent at the end of the school year or upon a student's withdrawal. Any medication not picked up will be discarded.

If a parent is accompanying his/her child on a field trip, the parent will be required to administer the child's medication.

Meningococcal Disease

Meningococcal disease is a dangerous disease that can strike children and youth and is caused by bacteria. The bacteria are spread from person to person by direct contact with an infected person's nose or throat secretions. Illness often starts with a sudden fever, headache, stiff neck, a rash, and possibly nausea and vomiting. An infected person may become very sick within a few hours of the first symptoms and should seek medical care immediately. The disease could result in death or permanent disability.

There are two immunizations available: one for people who are 11-55 years old and another for people who are 2-10 or 55+ years old if certain medical conditions exist that put them at higher risk of contracting the disease.

Parents should talk with their child's health care provider or local health department about meningococcal disease and immunization.

Health Records

Students' health records are maintained separately and confidentially from other school records, as required by law. Please be sure that all immunizations are up to date and be prepared to provide documentation of all immunizations.

Allergies

Please alert us to any allergies your child may have and provide medication (if necessary) to prevent a serious allergic reaction. This includes allergies to plants, animals, foods, medicines, and other substances.

The Flint Cultural Center Academy is a "NUT FREE" school due to severe allergies.

Illness

We share your concern for the health and safety of your student and all students!

- If your child exhibits any of the following symptoms, please keep your child home:
 - Fever of 100.4 or higher,
 - Vomiting or loose bowel movement/diarrhea,
 - Difficulty breathing or severe coughing,
 - Lice, ringworm, or other contagious conditions,
 - Open sores,
 - Rash or hives,
 - Pink eye, or
 - Runny nose with thick yellow or green discharge.

- The determination to send a child home is made by the CEO/Principal or designee, using the “Keep Home” criteria. Parents or caregivers will be notified by telephone of the nature of the illness and will be asked to pick the child up. Please provide the school with emergency contact information so that you, or your designee, may be reached at all times. We expect that ill children will be picked up within one hour of notification.

- If your child becomes injured at school, you will be contacted, and we will administer emergency first aid and complete an accident report for you to share with your child’s physician. In the event of serious injury requiring immediate emergency care, 911 will be called. The CEO/Principal or other staff person will accompany the child to the hospital in the event the parent or caregiver cannot be reached.

Dress for the Weather

In addition to outdoor recess, students will be walking to various places on the Cultural Center campus, every day. When the wind chill is below Zero, we will make alternative arrangements for instruction, but in all other weather conditions, please provide your child with climate appropriate apparel, including coats, snow pants, boots, gloves, hats, scarves and rain protection.

Head Lice

Head lice come from close contact with a person whose head has become a haven for lice. Lice can also be transmitted by sharing hats, combs or brushes. Students found to have lice will be sent home. After treatment, the student may return to school for examination by school personnel to determine if there is any evidence of lice. The school maintains a “no nit” policy.

XIII. DRESS CODE / SUPPLIES & MATERIALS

Uniforms

In order to keep our focus on learning and ensure students are comfortable enough for the daily hands-on, project-based learning, students attending the FCCA will wear casual uniforms.

- Our uniforms consist of the following:
 - FCCA T-shirt or Polo shirt (Yellow, White, Gray), long sleeved option in the winter
 - Slacks or a skirt (Khaki, Black or Blue), no denim / no jeans
 - Closed toed shoes with backs (sneakers preferred)
- If students come to school out of uniform, they will need to borrow FCCA t-shirts and uniform pants as necessary

Backpacks

Students should bring a backpack or other school bag daily to carry materials and Daily Communication Folders.

- We respectfully request that parents not purchase a backpack with wheels, as they often don't fit in cubbies and sometimes cause safety concerns in hallways and staircases, on buses, and outdoors.

Toys, Electronics, & Valuables

We ask that students not bring valuables to school. Each classroom is equipped with age-appropriate toys and materials for learning.

- The school is not responsible for missing or lost student items.
- Please help your child remember that toys, electronic games, and similar devices need to be left at home. If a child brings these items to school, the following steps will be taken:
 - Item is placed back in cubby/backpack for the day,
 - Teacher keeps item and returns at the end of the day, or
 - Teacher keeps item and parent must retrieve it.

Cell Phones

Cell phones are prohibited unless approved by a supervising teacher or staff member. Students found in violation will have the device confiscated and held in the office until a parent/guardian can pick it up. Repeat offenses will result in increased consequences up to and including suspension from school.

XIV. FOOD SERVICE/ RECESS

USDA Breakfast and Lunch Program

Breakfast will be served from 8:00am to 8:20am daily.

Each student will have a forty (45) minute lunch/recess period each day as well.

Parents are encouraged to complete a Free/Reduced Application available from the school office. Students not qualifying for subsidized meals must prepay. Lack of prepayment will result in discontinued meal service.

Parents are encouraged to pay for meals using the free online secure service. Any remaining balance upon a student withdrawing from school will be refunded upon request.

Recess

Students typically need and want a time during the day to engage in self-directed activity. Recess is provided for a breath of fresh air, a moment of solitude, a private conversation, or a game.

As in the classroom, the supervising adult is the authority during recess. When playing games, students are encouraged to include anyone interested in participating. Games that are abusive or demeaning are not permitted. All students are to remain in the designated recess area. Students are not allowed to use playground equipment while waiting for school to begin, waiting for rides, or following dismissal.

All students go outside for recess unless they have a signed doctor's note, it is raining, there is a weather advisory of any kind, or the wind chill is 0 degrees Fahrenheit or below.

XV. FIELD WORK

Purpose

Fieldwork is an integral part of the educational program at FCCA. Field studies are carefully structured to address the learning goals of an expedition and afford students rich opportunities to “learn on location.” Our location and collaboration with all of the institutions on the Flint Cultural Center campus, make fieldwork ideal.

Flint has faced hard to imagine economic and environmental barriers, but to the credit of our community, we are undergoing a rebirth and renaissance that demonstrates our grit and perseverance. We chose EL Education as the framework for our school’s culture and learning because EL is all about engaging the community, seeking out existing resources, and helping students to see and understand their role in making their community better. FCCA students will have the opportunity to explore history and current events, not only through the Cultural Center, but also through extensive community partnerships, visiting experts, and meaningful fieldwork.

Students interview experts, examine artifacts, conduct research, make observations, and gather data through notetaking, sketching, and photography. Fieldwork deepens and extends students’ understanding of the content and nurtures their skills as life-long learners. Quality work is the expectation during field study activities, just as it is during in-school activities.

Locations

Fieldwork in the primary grades can take place on our school grounds on in walking distance of the school. Most other fieldwork will take place on the Cultural Center campus, at local institutions, museums, parks, nature centers, businesses, and historic sites, and lasts from one to five hours.

Safety

Safety and learning are our top priorities on fieldwork. If a student’s behavior raises safety concerns or is potentially disruptive to the class’s learning, a one-on-one chaperone may be required, or the student may be placed in another classroom for the duration of the field study.

Fees

At times, families may be asked to contribute a small fee for trips. Please reach out to your child’s teacher for financial aid assistance as needed.

Permission Forms

As part of the enrollment process, a permission slip covering all field studies and excursions for the school year will be on file. (Form 2340 F2) Classroom teachers will communicate dates and destinations of these excursions through classroom newsletters or special announcements at least 72 hours prior. Field studies that last beyond the school day will require trip-specific permission slip.

Chaperones

Critical to the success of field studies are the adults entrusted with the care and supervision of our students. For most field studies, a request is announced to solicit parent volunteers to chaperone. Parent involvement is an important part of our school's culture and chaperoning on fieldwork is a great way to participate in your child's education.

- Chaperones perform a wide range of functions. They ensure children's safety, monitor behavior, carry out teachers' instructions, and support individuals and groups in gathering information. Chaperones help interpret exhibits and presentations, and they sometimes provide instruction to small groups of students.
- FCCA takes seriously the responsibility to provide safe and productive learning experiences for students. On fieldwork, doing so requires that we make chaperone decisions that we feel are in the best interests of the crew.
- Chaperones must attend a Volunteer/Chaperone orientation prior to first trip and repeating every three years.

XVI. SCHOOL SAFETY

School Safety Officer

In addition to all of the security already in place on the Flint Cultural Center, the FCCA will employ a full time School Resource Officer who will be present at the school during operating hours, and who will work with campus security and local first responders to provide the best safety net possible for our students, families and staff.

The FCCA School Resource Officer will:

- Maintain first aid and CPR certification
- Be knowledgeable of state laws related to the safety of people and property
- Train in and utilize the principles of safety, accidents and fire prevention
- Have firearms certification that meets current MCOLES standards

Staff Identification

All staff are required to wear a school issued identification badge at all times. In addition to identifying and authorizing their presence on campus.

Student Identification (RFID)

As a safety and security enhancement, student and staff identification badges will be equipped with a chip that will allow the school office to locate students anywhere on campus. This chip will not operate once a student leaves the Flint Cultural Center campus.

Emergency Response Plan

The FCCA School Safety Officer, the Director of Flint Cultural Center Security and the FCCA CEO will work with area first responders to develop an Emergency Plan based on prevention, preparedness, recovery, and response. Our students and staff will be trained in all safety procedures which will include and surpass the drills required by the State of Michigan to ensure our students' safety in the event of an emergency.

Mandated Child Abuse Reporting: As state mandated child abuse or neglect reporters, teachers, staff and the Administration of FCCA are required by law to initiate a report to be forwarded to Michigan and Genesee County office of Child Protective Services if they suspect the maltreatment or neglect of a student. All reports are confidential and will be maintained in confidential and secured files apart from the student's school records.

Internet Use Policy & Internet Safety: Student use of the Internet is an important component of classroom research and learning.

- Students and their families must sign the school's Internet use agreement before being permitted to use Internet related tools.
- Teachers supervise student Internet use and students abide by Internet safety protocols.
- Failure to abide by the rules will result in the suspension of Internet privileges for the student.

Visitor Policy: While we encourage and welcome families and the visitors to the FCCA, all visitors must first report to the school office and sign the visitor's logbook. Visitor badges must be worn at all times while in the school and should be returned before leaving the building. These precautions are necessary for the safety of our students and staff.

Parents are welcome to volunteer or observe in classrooms. Prior to volunteering, parents are asked to make arrangements with the office to complete the volunteer orientation. Please make arrangements with the classroom teachers prior to the date on which you would like to visit.

Surveillance Cameras: For the safety and security of the building and campus, surveillance cameras have been installed and will be monitored.

No Smoking/Drug-Free School Policy: FCCA is a non-smoking building. Families, students, staff, and guests are prohibited from using any tobacco products in the buildings or on school grounds at any time.

FCCA is a Drug-Free School. Families, staff, and guests who are suspected to be under the influence of alcohol or drugs will be asked to leave the building immediately. For a staff member, this could be grounds for termination. Children will not be released to caregivers we suspect of being under the influence of alcohol or drugs. If such a situation arises, we will first seek to contact an authorized family member to pick up the child and if unsuccessful, we will contact Child Protective Services and/or the police department.

XVII. MISCELLANEOUS

Animals

Animals, including pets, are not permitted at the school with the exception of approved service and/or assistance animals. Some animals may be allowed in the building as part of a learning experience.

Lost and Found

The lost and found is located in the main office. Unclaimed items are donated to charity periodically.

Personal Items

The school will not accept responsibility for the personal items of students. We expect students to leave belongings that are not necessary for their education at home. Any personal items that staff members judge to be unsafe, inappropriate for school, or interfering with students' educational focus will be confiscated and held in the office or remain in the possession of a staff member until the parents retrieve them. The school shall not be responsible for any items lost or damaged while in its possession.

Lockers

All lockers assigned to students are the property of the school. At no time does the school relinquish its exclusive control of its lockers. The school principal or his/her designee shall have custody of all combinations to all lockers or locks. Students are prohibited from placing locks on any locker without the advanced approval of the school principal or his/her designee.

Use of Lockers

The school assigns lockers to its students for their convenience and temporary use. Students are to use lockers exclusively to store school-related materials and authorized personal items such as footwear, grooming aids, lunches, or outer garments. Students shall not use lockers for any other purpose, unless specifically authorized by school board policy, the school principal, or his/her designee prior to students bringing the items to school. Students solely are responsible for the contents of their lockers.

Search of Lockers

Searches of school lockers and their contents deter violations of school rules and regulations, ensure proper maintenance of school property, and provide greater safety and security for students and personnel. Accordingly, the Board of Directors authorizes the principal or his/her designee, upon reasonable cause under the circumstances, to search lockers and locker contents at any time, without notice, and without parental or student consent.

The principal or his/her designee shall not be obligated but may request the assistance of a law enforcement officer in conducting a locker search. The principal or his/her designee shall supervise the search. In the course of a locker search, the school principal or his/her designee shall respect the privacy rights of the student regarding any items discovered that are not illegal or in violation of school policies and rules.

Seizure

When conducting locker searches, the principal or his/her designee may seize any illegal or unauthorized items, items in violation of board policy and/or school policies or rules, or any other items reasonably determined by the principal or his/her designee to be a potential threat to the safety or security of others. Such items include but are not limited to the following: contraband, controlled substance analogues or other intoxicants, dangerous weapons, explosives, firearms, flammable materials, illegal controlled substances, poisons, and stolen property. Law enforcement officials shall be notified immediately upon seizure of such dangerous items or items that schools are required to report to law enforcement agencies. Any items seized by the school principal or his/her designee shall be removed from the locker and held by school officials for evidence in disciplinary proceedings and/or turned over to law enforcement officials. The parent of a student shall be notified by the principal or his/her designee of items removed from the locker.

Complaint Procedures

The Flint Cultural Center Academy Board of Education is committed to treating all students, staff and parents in the FCCA fairly and impartially. The Board is committed to assuring a school and working environment that is appropriate for institutions of learning and assures the safety and welfare of all.

Steps to Address Complaints

This section describes informal ways that incidents of perceived unfair treatment, complaints or harassment might be handled. These are not intended to be all-inclusive nor are any specifically recommended. It is desirable that students, staff and parents have a chance to make concerns known to the district and to afford the district an opportunity to review these concerns and respond to them.

1. Speak directly to the person with whom there is a problem. Include information about what the person is doing, how you feel about the behavior, and how you would like the behavior to change. Or, write a letter to the person with whom there is a problem. Include information about what the person is doing, how you feel about the behavior and how you would like the behavior to change. Make a copy of the letter for yourself and deliver in person, preferably accompanied by someone else as a witness to the delivery of the letter.
2. If the problem is not resolved after speaking or writing to the person, the problem will be forwarded to the school CEO. The CEO will respond in writing to the parent upon receipt of the complaint.
3. If the parent is not satisfied with the CEO's response, the parent is to notify the Board Secretary. The Board Secretary will confer with the CEO and other staff who may be involved and, depending on the findings, will either:
 - a) provide the parent a written response to the grievance.
 - b) suggest in writing to the CEO, a course of action to achieve resolution, or
 - c) schedule a meeting with the parent, CEO, and other staff as considered appropriate to review the matter and to achieve resolution.

Asbestos Management Plan

The Asbestos Hazard Emergency Response Act (AHERA) requires us to annually notify parents, students, staff members, and others who regularly occupy the school building of compliance with AHERA. An Asbestos Management Plan has been developed for the school and is on file in the school office. Parents may schedule an appointment if they wish to review the AMP.

Pesticide Notification

The school aims to control pest populations and to reduce the use of active pesticides throughout the school by implementing an integrated pest management program. The health and safety of all persons within the school's facilities are of primary concern. In addition to providing parents with this annual notification, the school will notify parents in advance of individual pesticide applications of non-emergency applications of pesticides such as an insecticide, fungicide, or herbicide, other than a bait or gel formation, that is made to the school ground or building. Please note that notification is not given for the use of sanitizers, germicides, disinfectants, or antimicrobial cleaners. In certain emergencies, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but parents will be notified following any such application. XIX. SCHOOL DISCIPLINE

RESPONSIVE CLASSROOM

Is a way of teaching that emphasizes social, emotional, and academic growth in a strong and safe school community. Developed by classroom teachers, the approach consists of practical strategies for helping children build academic and social-emotional competencies day in and day out.

www.responsiveclassroom.org.

Guiding Principles:

- The social curriculum is as important as the academic curriculum.
- How children learn is as important as what they learn: Process and content go hand in hand.
- The greatest cognitive growth occurs through social interaction.
- To be successful academically and socially, children need a set of social skills: cooperation, assertion, responsibility, empathy, and self-control.
- Knowing the children we teach - individually, culturally, and developmentally - is as important as knowing the content we teach.
- Knowing the families of the children we teach and working with them as partners is essential to children's education.
- How the adults at school work together is as important as their individual competence: Lasting change begins with the adult community.

XX. FCCA CODE OF CONDUCT

Student misconduct is classified into three levels. In addition to these three levels of discipline, a teacher may suspend a student for his or her conduct in a class, subject or activity. The definitions of misconduct at each level are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action.

School staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts for Level I and Level II violations. The staff will refer Level III violations directly to school administrators, because of the serious and/or unlawful nature of the misconduct.

At the option of school administrators, a student accused of any violation of the Code of Student Conduct may be referred to a school social worker or counselor, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under state law, however, the Academy Board will act to impose any strictest sanctions.

A teacher may issue suspensions for up to one day. The CEO or designee may issue short-term suspensions. The Academy's Board of Directors or its designee may issue long-term suspensions or expulsions.

Short-Term Suspension

A short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges to attend school, including extracurricular activities, are suspended.

Long-Term Suspension

A long-term suspension is when a student is suspended for more than ten (10) school days. During a long-term suspension, the student's rights and privileges to attend school, including extracurricular activities, are suspended.

Expulsion

An expulsion occurs when the Academy's Board of Directors or its designee terminates the student's rights and privileges to attend school, including extracurricular activities. An expulsion is for an indefinite time, unless otherwise specified by the Academy Board/its designee or state law. The parent/guardian of the student may petition the school board to request the student's reinstatement to school, as permitted by state law.

Levels I, II, and III Violations

Depending on severity or repetition, a Level I violation may be reclassified as a Level II or Level III violation.

Level I Violations:

Cheating/Academic Misconduct

Disruptive Behavior/Disorderly Conduct

A student will behave in a manner that causes disruption or obstruction to the educational process. School uniform policy will be adhered to unless authorized by CEO or supervising teacher.

Insubordination/Unruly Conduct

A student will not ignore or refuse to comply with directions or instructions given by school authorities. Refusing to open a book, write an assignment, work with another student, work in a group, take a test or do any other class or school-related activity not listed herein, refusing to leave a hallway or any other location when told to by a school staff member, or running away from school staff when told to stop constitutes unruly conduct.

Leaving School or Other School Locations Without Permission

A student will not leave the school building, classroom, cafeteria, assigned area, or campus without permission from authorized school personnel.

Possession of Inappropriate Personal Property

A student will not possess personal property that is prohibited by school rules or that is disruptive to teaching and learning, including but not limited to pornographic or obscene material, laser lights, personal entertainment devices, computer games, electronic pagers or beepers, radios, television sets, cassette players, compact disc players, telephones, or other personal communication devices. Certain devices may be permitted for health or other reasons, if approved by the principal.

All technology implementation shall be aligned with Board policy on technology and the Academy's educational goals.

Use of the District computer network(s) as a part of any class or school assignment shall be consistent with the curriculum adopted by the Board. The Academy's general rules for behavior and communications shall apply when using computer equipment. A student will not violate the Academy's "Acceptable Use of Technology Agreement," found in ADDENDUM # 2, located at the end of this handbook.

Trespassing

A student will not enter upon the premises of the Academy, other than the location to which the student is assigned, without authorization from proper school authorities. If removed, suspended, or expelled from school, a student will not return to the school premises without permission of the proper school authorities.

Tuancy

A student will not fail to report to the student's assigned class or activity without prior permission, knowledge or excuse by the school or parent/guardian.

School Responses to Level I Violations:

School administrators and staff may use appropriate intervention strategies, as determined by Academy policies including, but not limited to, staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution and peer mediation, and programs for anger management and violence prevention. Any of the following intervention strategies and disciplinary actions may be used.

- Administrator/student conference or reprimand;
- Administrator and teacher-parent/guardian conferences;
- Referrals and conferences involving various support staff or agencies;
- Daily/weekly progress reports;
- Behavioral contracts;
- Change in student's class schedule;

- Other intervention strategies, as needed;
- Out-of-school suspension (short-term) from one (1) school day up to and including ten (10) school days;
- Law enforcement agency notification.

Level II Violations:

Depending upon severity or repetition, a Level II violation may be reclassified as a Level III violation.

Bullying/Harassment/Intimidation/Physical Aggression

“Bullying, harassment or intimidation” means any gesture or written, verbal, or physical act that a reasonable person, under the circumstances, should know will have the effect of harming a student or damaging the student’s property, placing a student in reasonable fear of harm to the student’s person or damage to the student’s property, or that has the effect of insulting or demeaning any student or group of students in such a way as to disrupt or interfere with the school’s educational mission or the education of any student. State law requires the school board or its designee to permanently expel from the Academy a student who possesses a "dangerous weapon" in a "weapon-free school zone," subject to possible reinstatement, pursuant to MCL 380.1311(5). (MCL 380.1311[2]). However, the Academy's Board of Directors is not required to expel a student for possessing a weapon if the student establishes in a clear and convincing manner at least one of the following:

“Weapon-free school zone” means school property and a vehicle used by a school to transport students to or from school property. (MCL 750.237a). “School property” means a building, playing field, or property used for school purposes to impart instruction to children or used for functions and events sponsored by the Academy. (MCL 750.237a). If a dangerous weapon is found in the possession of a student while the student is in attendance at school or a school activity, or while the student is en route to or from school on a school bus, the Principal of the Academy, or his or her designee, shall immediately report that finding to the student’s parent or legal guardian and the local law enforcement agency. (MCL 380.1313[1]).

- Students who possess a dangerous weapon, commit arson, or commit criminal sexual conduct shall be permanently expelled in compliance with the Revised School Code.

(MCL 380.1310[4]).
- Requesting an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation. The intervention strategy or discipline may require the student to follow any or all treatment recommendations of the evaluation. The evaluation must be from a source approved by the administration.

Staff Authority

The authority of any member of the school staff extends to all Academy students while the students are on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises.

School Activities

A student who is suspended from school for any reason will not be allowed to practice, participate in, or attend any school activity, regardless of location, during the suspension (including weekends and/or holidays.)

Maintaining Class Progress

When appropriate in the judgment of the principal, a suspended student may maintain academic progress under the terms and conditions set by the principal.

DUE PROCESS PROCEDURES

Short-Term Suspension

Except in extraordinary circumstances, alleged violations of the Code of Student Conduct are initially handled at the student's school. If a short-term suspension is contemplated, the principal or assistant principal shall provide the student with oral or written notice of the charges or allegations, and an explanation of the evidence or basis for the charges. The student shall be given the opportunity to present an explanation or a differing statement of the facts.

If the misconduct is found, the principal may authorize disciplinary action in accordance with this Code of Student Conduct, including short-term suspensions. Students whose presence pose a continuing danger to persons or property, or an ongoing threat of disrupting the educational process, may be immediately removed from the school without prior notice, explanation, or opportunity to respond. In such cases, the above procedures shall be provided as soon as practical. The student and parent/guardian shall be notified of the circumstances and action taken.

Long-Term Suspension or Expulsion

If recommended by the principal or assistant principal, the Academy's Board of Directors, or its designee, shall conduct a hearing to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian shall be notified of the allegation; the recommended disciplinary action; the time, date and location of the hearing; and of their right to attend and participate in the hearing. The Board or its designee shall conduct a hearing, which may be recorded. The student shall be advised of the alleged violation and be given an explanation of the facts. The explanation may include the written or oral testimony of others.

At the request of the student or the student's parents, the Board or its designee may meet in a closed session to "consider the dismissal, suspension, or disciplining of a student." (MCL 15.268[b]). The student and parent/guardian may be represented at the hearing by an attorney or other adult. Written or oral evidence may be presented at the hearing on behalf of the student. After the hearing, the Board or its designee shall issue a decision, including a determination of disciplinary action.

Suspension and Expulsion of Students Receiving or Otherwise Eligible for Special Education

Students previously identified under state and federal regulations as eligible for special education are entitled to an extra measure of consideration for the disability in student discipline procedures. Also, other due process provisions are triggered for any student if a review of a student's record indicates significant prior knowledge about a potential but unidentified disability.

Removal, Expulsion and Suspension of Students with Disabilities

The Academy shall abide by federal and state laws in matters relating to discipline, suspension, and expulsion of disabled students.

Harassment and Bullying

Harassment or bullying of students or staff is an extremely serious violation of the *Student Code of Conduct*. It can also be a violation of criminal law. The Academy will not tolerate unlawful bullying and harassment in school, school-related transportation, school-related or school-sponsored events, or through the use of data or computer software that is accessed through a computer, computer system, or computer network of the Academy. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated pursuant to this policy. (See ADDENDUM #1, located at the end of this Handbook.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

- A. Restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. Quell a disturbance threatening physical injury to self or others;
- C. Obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or
- D. The protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services. The School Leader shall provide guidelines, including a list of alternatives to corporal punishment.

Student Seclusion and Restraint

Professional staff members may need to restrain and seclude students under certain emergency circumstances. This must be done only as a last resort if students pose a threat to themselves or others. All such intervention shall only be done in accordance with guidelines developed by the School Leader, which shall be based on the Standards adopted by the State Board of Education regarding the use of student restraint and seclusion. Training will be provided to all professional staff and to substitute teachers, as well as the support staff determined appropriate by the School Leader. Training will be in accordance with the State's Standards.

Sexual Harassment

The Academy prohibits sexual harassment by or toward Academy staff members, board members, pupils, or any other person in the school environment including, but not limited to, parents, guests, contractors, vendors, or volunteers. It is the policy of the Board to provide a safe and nurturing educational and working environment. This policy applies to all activities on school property, to all school-sponsored activities, and to activities on school transportation. Harassment through any means, including electronically transmitted methods (e.g., internet, telephone or cell phone, personal digital assistant (PDA), computer or wireless hand-held device), may be subject to Academy disciplinary procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment. Retaliation against any person for reporting harassment, or for participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false harassment reports also are prohibited.

Retaliation and intentionally false reports may result in disciplinary action as indicated below. Sexual harassment is defined as:

- Submission to unwelcome sexual conduct or communication is made either an explicit or implicit condition of employment or of utilizing or benefiting from the services, activities, or programs of the Academy;

- Submission to, or rejection of, the unwelcome sexual conduct or communication is used as the basis for a decision to exclude, expel, or limit the harassed individual in employment or in the terms, conditions, or privileges of the Academy; or
- The unwelcome conduct or communication interferes with the staff member's work performance, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the staff member's work performance. Sexual harassment may include, but is not limited to:
 - Verbal harassment or abuse;
 - Pressure for sexual activity;
 - Repeated remarks with sexual or demeaning implications;
 - Unwelcome touching;
 - Sexual jokes, posters, cartoons, etc.;
 - Suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, safety, job, or performance of public duties.

These definitions are provided for guidance only. If a staff member, or other individual believes that sexual harassment has occurred, regardless of whether it fits a particular definition, that individual should report it and allow the administration to determine the appropriate course of action.

The Academy shall institute programs and guidelines to address sexual harassment and violence, and to ensure that the Academy is free from threats to the safety of students and personnel. Such guidelines also shall include grievance procedures providing for prompt and equitable resolution of complaints of sex discrimination or sexual harassment and shall designate at least one staff member to coordinate compliance with the law and this policy, as well as to coordinate investigations of complaints alleging noncompliance.

The guidelines and procedures shall include appropriate and safe responses to, identification of, and referral procedures for, students who are experiencing, witnessing, or perpetrating domestic violence, dating violence, sexual assault, or stalking. Such guidelines shall include procedures on reporting and referral processes for those students, as well as procedures for handling the requirements of court protective orders issued to or against students in a manner that ensures the safety of the victim and holds the perpetrator accountable.

Penalties for violation of this policy shall include discipline or exclusion for parents, guests, volunteers, and contractors. Notice of this policy will be made annually and widely circulated within the Academy. State and federal rights posters on discrimination and harassment shall be posted.

Confidentiality

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all buildings within the Academy and discussed with students, as well as incorporated into the staff, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building.

The School Leader is directed to develop Administrative Guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the School Leader shall be followed. This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the Academy reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the Academy program.

Threatening Behavior Towards A Staff Member

The Board directs the School Leader to create a work environment free of threatening speech or actions. *Threatening behavior* is defined as behavior consisting of any words or deeds that intimidates a staff member or causes anxiety concerning his/her physical and/or psychological well-being. Such behavior is strictly forbidden. Any student, parent, visitor, staff member, or agent of this Board found to have threatened a member of the staff will be subject to discipline, exclusion, and/or reported to the authorities. The School Leader shall implement guidelines to establish procedures for prompt, effective action on any reported incidents and for notification of students, parents, employees, and others regarding this policy.

Search and Seizure

The Board has charged Academy authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, Academy authorities may search school property such as lockers and computers used by students and/or the students' personal property, including vehicles, in accordance with the following policy:

Academy Property

The Board acknowledges the need for in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy to prevent examination by an Academy official. The Board directs the School Leader to conduct a routine inspection, at least annually, of all such storage places. In the course of any search, student's privacy rights will be respected regarding any items that are not against Board policy. The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the School Leader has reasonable suspicion that illegal drugs or devices may be present in the Academy. This means of detection shall be used only to determine the presence of drugs in locker areas and other places in the Academy where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and is not to be used to search students, unless either a warrant or parental permission has been obtained prior to the search.

Student Person and Possessions

The Board recognizes that the privacy of a student and his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history. This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the School Leader. He/She shall attempt to obtain the freely- offered consent of the student to the inspection; however, provided there is reasonable suspicion, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the School Leader in the presence of the student and another staff member. A search, prompted by the reasonable belief that health and safety are immediately threatened, will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened. The School Leader shall be responsible for the prompt recording, in writing, of each student search, including the following information: reasons for the search; information received that established the need for the search; the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The School Leader shall be responsible for the custody, control, and disposition of any illegal or dangerous

substance or object taken from a student. The School Leader shall prepare Administrative Guidelines to implement this policy.
