

Chartwells at FCCA

January 2024

What's New in Your Schools?

Welcome to your Chartwells newsletter! We are excited to share our story with you! Over the past several months we have been *servicing up happy and healthy* throughout FCCA with a variety of activities and programs.

FCCA continues to take part in the Fresh Fruit and Vegetable Program every week. We have served Fresh Fruit to students in Kindergarten, first grade, second grade, and fifth grade. A lot of students ask, what the next snack will be and are excited when the snack is brought to the classroom. Hopefully, we can continue to grow this program over the coming years.

The school cafeteria is often one of the first places a child can taste and learn about foods from outside their family's recipes or traditional cultural dishes. We continued to feature Global Eats featuring Chinese-inspired dishes in January. Students were excited to try Chinese dishes in the cafeteria, they loved the orange chicken with vegetable rice along with sweet and sour sauce. This program continues to grow, and we hope to feature more countries in the future.

January was also School Board Appreciation Month. The kitchen made fresh fruit parfaits for all the board members. We serve parfaits regularly on the menu during the week. This was just a way to show our appreciation to the school board and all the work they do behind the scenes.
